**Compliance with Supervision Conditions and Prior Interventions:**

Mr. Cauley was released from BOP custody on March 12, 2012, and was taken into custody by the Rutherford County Sheriff, on several old warrants issued in 2009. He was subsequently released from their custody and commenced his term of supervised release. He resides with his wife and their three children in Murfreesboro. Mr. Cauley is not yet employed, but appears to be actively seeking employment.

Based on his positive tests for marijuana and cocaine, Mr. Cauley was referred for a substance abuse assessment at The Guidance Center in Murfreesboro. His diagnosis included Major Depressive Disorder; Panic Disorder without Agoraphobia; Generalized Anxiety Disorder; and Polysubstance Dependence. Individual therapy and medication management were recommended. Mr. Cauley began the individual therapy on June 27, 2012, and has expressed desire to continue participation in the program. He has been advised that further drug use could result in a recommendation for a warrant.

**U.S. Probation Officer Recommendation:**

Even though the offender has violated the conditions of his supervision, the probation officer wishes to provide him an opportunity to address the issues identified in his diagnosis. The probation officer respectfully recommends that the Court take no action at this time and hold the violations in abeyance.

The U. S. Attorney's Office has been advised of the offender's noncompliance, and it concurs with probation officer's recommendation.
